**Other classes:**

Pre-Algebra

Intro to Marine Science

Christian Kids Explore World Geography

I have been an educator for over 23 years with experience in many different platforms, but my favorite is homeschooling my own children: 12th grade, 8th grade, and 1st grade. When I am not teaching, I enjoy watching my children perform in the drama group, Youth Reaching Others for Christ (YROC), play volleyball, and play hockey. I have a BA in Early Childhood Education, an MS in Elementary Math & Science, and an MS in Curriculum & Instruction. I am passionate about helping all students find their God-given talents while walking through their educational journeys. My goal is to see students succeed in all their classes and have fun at the same time!

“an active teacher in the classroom”

“Simon’s favorite teacher”

“Every week teacher Sharon’s class has become part of Steven’s life, and each week is very happy for both of us.” “Super dynamic! Very positive interaction!”

“My kids love it!”

“I love Mrs. Sharon’s class!”

*Come along for an interactive, hands-on trip across our beautiful United States of America. We will be exploring all 50 states, including their state symbols, state flags, famous people, famous landmarks, and more! We will learn how to read different kinds of maps pertaining to our amazing country. Become your own personal travel agent as we log our visits in our personalized travel logs. You will become the expert in your own home state and share with the class. Let’s take a “road trip” across the USA. God Bless the USA!!!*

The Academy at Bright Ideas Press offers middle school and high school courses for Christian homeschooling families to either supplement or replace their current curriculum. Taught from a Christian worldview, classes at The Academy will encourage students to develop excellent independent study skills which will benefit them both in college and in life. <https://academy.brightideapress.com/>
